Rasulullaah sulallaahu 'alayhi was sallam, said:
"The first group who will enter Paradise will be like the moon when it is full. They will not spit or blow their noses or relieve nature. Their utensils will be of gold and their combs of gold and silver; in their centers the aloe wood will be used, and their sweat will smell like musk. Everyone of them will have two wives; the marrow of the bones of the wives' legs will be seen through the flesh out of excessive beauty. They will neither have differences nor hatred amongst themselves; their hearts will be as if one heart and they will be glorifying Allaah in the morning and in the evening."
